RUM SMUGGLING TRUST EXPOSED

PACIFIC FLEET CLAIMED LINK IN BIG CHAIN

Smuggling Combine Said to Deal In Girls, Dope, Booze And Oriental Natives

SAN FRANCISCO BOATS SEIZED

Two Former San Francisco Speed Boats Seized in East Reveal Crime Trust

(By Universal Service)

SAN FRANCISCO, May 14.—The existence of a vast international smuggling organization having a chain of agents and offices extending virtually around the world, and in operation of which the notorious "Black Tony" is a major factor, was revealed by Federal officials here yesterday. This combine was declared to operate the main strength of the rum fleet now off the south coast.

The disclosure of the master organization, by which Federal officials declared the trade of the powerful Pacific Coast liquor smuggling rings is controlled, followed the receipt of word here that two San Francisco speed boats had been seized by Coast Guard authorities in New York.

The boats, the Kid and California, were formerly swift pleasure craft on San Francisco bay. Sold by their original owners to legitimate purchasers but subsequently resold many times, they fell into the hands of rum runners. They vanished from the bay region following seizure of the "mother ship" Quadra eight months ago.

BIG COMBINE BARED.

The appearance of the craft in the liquor trade of New York shortly thereafter started the Federal investigation which brought to light the smuggling combination in the operations of which the two small vessels played a minor part.

The syndicate carries on a four-cornered trade in dope, liquor, girls and Orientals, according to Government investigators.

"Enticement" to Begin Saturday Record-Herald

Read "Enticement," the novel by Clive Arden, beginning Saturday in the Record-Herald. The secrets of three hearts locked in the pages of a book.

A tensely written story of a conflict of hearts—two men and a woman.

A novel of power—a drama of stormy emotions that truthfully portrays the restless age. A word etching of a woman's soul struggling for freedom against unbreakable barriers of smug conventions.

A page from the diary of life that surges around us, whole-somely written as only Clive Arden could write it, is published daily in serial form exclusively in the Record-Herald beginning Saturday.

President Coolidge Speaking at Corner-Stone Laying of Jewish Community Center in Washington

Speaking at the laying of the cornerstone of the Jewish Community Center on Sixteenth Street in Washington, President Coolidge said: "The Jewish people have made a great contribution to the world. El Cerritan Gives Up His Title To Become American

From a position of wealth with an officership in the Belgian army, El Cerritan, who is proud of the fact that he has at last received his naturalization papers and is a good American citizen. The coveted papers were given Meny recently by Superior Judge A. B. McKenzie.

While it's a big change, it's a very happy one, according to Xavier Meny, who is proud of the fact that he has at last received his naturalization papers and is a good American citizen. The coveted papers were given Meny recently by Superior Judge A. B. McKenzie.

It was quite by accident, according to Meny, that his family discovered their right to claim noble lineage. Though the Meny family has been prominent in Belgium for a long time, they did not consider themselves of the nobility.

"My brother," says Meny, "was head court musician to King Edward VII of England. The King became interested in him, traced up our name, and discovered that we were descended from Louis Meny, an Englishman, who held the title of Chevalier to the King. In 1692 Louis Meny went to France to help the government suppress a rebellion, and in recognition of his services the French king made him a viscount and changed this name to Meny."

Meny's father, who died last year, was Belgium's oldest ship-broker, as well as dean of the non-commissioned officers of the Belgian army. A wearer of the decoration of Leopoldists, a Chevalier of the order of the crown with gold palms, given him in 1921 for distinguished war service, as well as being a French viscount.

Meny's home in El Cerrito, though small, has a snug neatness of appearance that is typical of old world industry and thrift. A sign hangs beside the door, Fresh eggs for sale.

"Why am I so glad with this?" asked Meny. "Only those who have been to Europe know the answer. Americans can never realize how wonderful their country is until they see the others. My sister has a castle and a villa, but I am an American."

Meny has been married for 27 years and his wife is his chief assistant on the little chicken ranch which he hopes some day to make into a thriving business. Mrs. Meny is also a native of Belgium.

HELEN KELLER'S STRANGE STORY

In an analysis of world personality, Mark Twain said: "The two greatest figures on the stage of the nineteenth century are Napoleon and Helen Keller. Napoleon tried to conquer the world through force and talent. Helen Keller has tried to win the world by the power of her mind and has succeeded."

The woman to whom that keen intellect, that such a tribute as now engaged in what she believed to be the economic and humane necessity for placing the work of the American Foundation for the Blind on a firm basis. In this connection she will speak at the Roosevelt auditorium Friday night at 8 o'clock.

The world has grown to speak of the "miracle" of Helen Keller, realizing in that way to the marvel of a blind, deaf and dumb child breaking down the barriers which cut her off from human intercourse and achieving distinction in the field of letters and of constructive philanthropic achievement.

But it was no miracle by which these results were gained. The barriers were slowly undermined through the patient application of ingenious educational methods devised by her teacher, Miss Anne M. Sullivan, now Mrs. John A. Macy, and still the very well fitted to deliver such a splendid talk on "Amerization."

Rust-Campbell Factory Work Is Progressing

The Rust-Campbell factory building is being rushed with all possible speed since the corner stone ceremony of a week ago and already the walls have reached three-fourths of their intended height with window casings all set and rough flooring all in.

It is interesting to know that there were approximately 50,000,000 golf balls used in the United States last year. 85 per cent of which were manufactured in this country and since the Rust-Campbell Company will be the only factory West of Chicago manufacturing golf balls, there is every indication that this factory will add very materially to the industrial as well as the financial standing of Richmond.

Big Delegation Of Shriners To Attend Conclave In Los Angeles

Admiral Tenby, Noble, of the Mystic Shrine of Oakland, which has many Richmond members, will send a record delegation to the Imperial Council in Los Angeles on May 20. Already two special trains have been hired, and all of the reservations that were made by the train to Los Angeles committee have been taken, including Past Potentate Franklin R. Haley.

A few more Noble can be accommodated on the train and Past Potentate Haley will do everything in his power to aid Nobles in securing accommodations, but all of the reservations originally made at the Hotel Gates are gone, and even supplementary reservations made by Haley went in a hurry. These were made at Hotel Ramona, so that Admirals will fill two hotels.

Those who want seats in the grand stand at the Stadium must communicate with Past Potentate Haley at once. Los Angeles does not allow parades through the streets, and all parading and drilling and open air ceremonies will be held at the Stadium and Past Potentate Haley will help the visitors make their reservations, if communicated with at once. Address him at 2016 First 22nd street.

A letter will shortly be sent to all who have made reservations, and responses should be made at once as there is already a waiting list for accommodations in the southern Railroad and seaman tickets must be paid for before starting.

Junior Hi School Bazaar to Open With Programs

The stage is all set for the Junior High bazaar to be held this evening and Friday evening in the Roosevelt gymnasium. The doors will be open from 2 to 5 p. m. and from 7 to 9 p. m. each day.

These entertainment, however, is in the gym, while the bazaar is in session. Admission at all times will be free and nobody need feel obligated to make purchases.

The committee looks for a large attendance and feels that pleasant relationships count more than dollars and cents. They have no doubt, however that many will want to buy as the array of fine articles on display at the school exhibit give some idea of what to expect.

All the articles have been made at the school in the club periods and through the cooperation of the Home Economics and Manual Arts department and funds raised by the bazaar will be used to furnish equipment for the Home Economics and other school activities.

A food and candy sale will also be conducted at the same time and the parents and teachers and children are cooperating in this particular branch of the bazaar.

Miss Adams, head of the Glee club, is the chairman of the candy committee, and promises variety, quality and a full rack for the money.

Miss Roach, whose sewing club girls virtually started the idea of the bazaar by requesting an apron sale, is the general chairman of all events. Those who know Miss Roach have no doubt but that they will get value received and those who do not are urged to come and get acquainted in order to see for themselves.

JOHN LATHROP IS INJURED BY S. F. STREET CAR

Junior Captain of Engine Company Suffers Compound Fracture of Skull

DEATH BELIEVED CERTAIN

At Late Hour Last Night Injured Man Had Not Regained Consciousness

At a late hour last night, John L. Lathrop, junior captain of No. 3 engine company of the Richmond Fire department, was suffering hemorrhages caused by concussion of the brain from a compound fracture of the skull, and was not expected to live through the night, according to reports from the Central Emergency hospital in San Francisco, where he was being attended by Dr. A. E. Morton. Lathrop was struck by a Market street electric car at about 5 o'clock while crossing the street at Sixth and Market, and had not regained consciousness of the time of the last report. He is being attended by his mother, Mrs. Anna C. Keaton, and his sister, Mrs. L. Passcoe.

The details of the accident are not very clear. The detective who investigated the case said only one person on a woman who had not seen the accident. The woman's name could not be given, and her statement could not be obtained last night.

COOPER RUSHES SCENE

Fire Chief Cooper went to San Francisco to a rooming house and returned to Richmond at about 11 p. m. last night, after being called by telephone for the rescue of the injured man. Chief Cooper said that Lathrop's condition was very serious. He had been confined in a hospital at the time of the accident and was still unconscious. His hemorrhages had set in when Chief Cooper left about 12 o'clock.

Reports of Lathrop's case originated by Dr. Morton would not attempt to rescue him to the Central hospital from the Emergency hospital, where he was being taken immediately following the accident. Lathrop's condition is very serious, and it is expected that he will not survive the night.

Before the accident, Lathrop's mother and sister had a brother, Warren Lathrop, with whom he lived at 574 North street, Richmond. Lathrop was a well-known fireman and had been a member of the Richmond Fire department for many years. He was expected to return to Richmond last night, it is believed.

COMMUNITY SHOCKED

News of the terrible accident to one of Richmond's most popular members of the fire department comes as a terrible shock to the entire community. Lathrop was exceptionally well known here, his name being one of the departments' best known. His leading athletic and star of the firemen's baseball team.

He has many friends who will anxiously follow the outcome of the accident.

News of the accident was telephoned to Richmond from San Francisco as soon as the authorities had learned Lathrop's identity.

When two machines, driven by J. Silva, 738 Eleventh street, and Antonio Vidal, collided in front of the Cottage hospital, Tenth and Clinton avenue, yesterday morning, slight damage was done to the automobiles but the occupants were not injured.

Aahmes Temple
Will Hold Big
Spring Ceremonial

The spring ceremonial of Aahmes Temple, Nobles of the Mystic Shrine of Oakland, will be the biggest ever given.

The Duhan promises something new every year. An entire set of new stage settings has been ordered for this event and Director W. J. Macdonald declares that the Aahmes Nobility will have something worth their while. The new stage setting will meet the desire, of course, and has been designed with special attention to the arena of the Oakland Municipal auditorium. It will be in the auditorium floor and will give perfect arrangements not only for the ceremonial, but for the entertainment. Wonderful lighting effects have been arranged by Neddo Romano Myers and Aahmes will have a real desert oasis which to conduct the entertainers.

Many features are being arranged for the event by the Duhan and the working bodies and the support of the Nobility is desired to return that support can best be shown by electing a new candidate. There are several qualified Masons who are eligible to membership in the Shrine and those possible candidates.

This ceremonial will begin in the afternoon with a street parade. This parade has not always been given, but in the spring it will be put on in the most attractive form.

The ceremonial will be long and packed full of features so it will start promptly at 7:30 p. m. If you don't come early you will miss some things and don't forget The Date, Saturday night, June 13th.

Fan Would Fight Actor Who Stares At Leading Star

Patsy Ruth Miller, who plays Molly Marley in "My Man," which will be the attraction at the Wesley Methodist church, Friday evening at 7:30, stopped a street fight by simply saying "No."

Patsy whose fan admirers number both sexes, was working in the scene incidental to the traffic jam enacted in the introduction. Dustin Farnum, who portrays Sledge, was seated in one car and Miss Miller in another. The action calls for Mr. Farnum to stare at Miss Miller to the point of great annoyance. The action was being carried out. The cameras were concealed in screened trucks so that the spectators would not look directly into them.

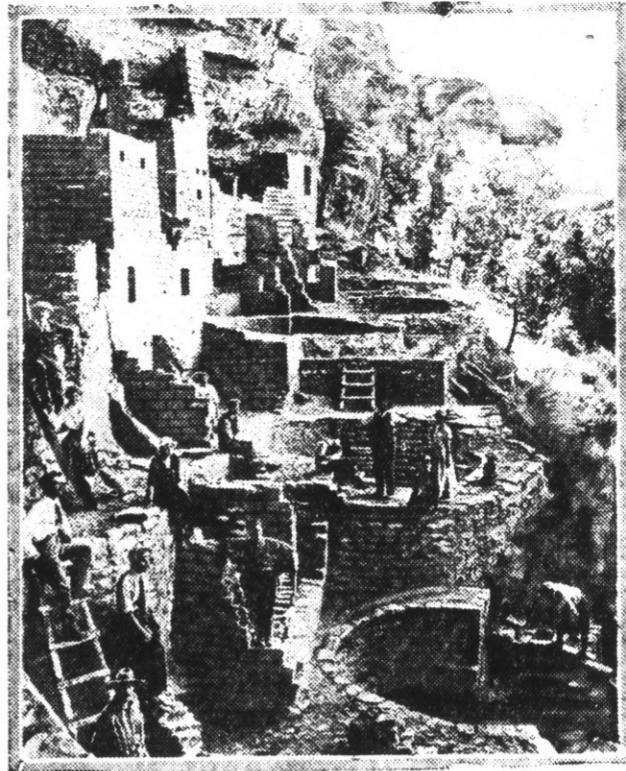

Patsy, replying to annoyance at Sledge for staring at her, and a persistently inclined spectator, in memory of the fact that it was "all a fake," stepped off the curb and swayed up to Miss Miller's car. Then with a "to the death" expression, he indicated Mr. Farnum with a swing of the head, and said: "I'll punch that bozo's face in if he's not getting out of here, Patsy!"

Patsy grasped the situation instantly, smiled and thanked her would-be protector, telling him it would not be necessary.

Tourists View Colorado Cliff Dwelling, Biggest of Prehistoric Apartment Houses in Southwest

Discoveries of great interest and value to archaeologists are coming to light in the Southwest with the unearthing of ruins of an ancient civilization. Above are pictured tourists examining a prehistoric cliff dwelling that compares favorably in size with the largest of the modern apartment houses. It is located in Mesa Verde, southwestern Colorado.

Girls Hi Y Club Pleased With Banquet Success

The members of the Girls' Hi-Y club of the Y. M. C. A. are elated over the success of their first annual Mothers' and Daughters' banquet, which was staged with a wonderful program at the Y. M. C. A. clubrooms last night.

Mrs. E. W. Hancy, wife of the pastor of the First Presbyterian church, who was formerly secretary of a Y. W. C. A., was the speaker of the evening. An inspired and most enlightening address was given by her on "Strengthening Home Ties."

Miss Dorothy Barabak, president of the Hi-Y, opened the meeting with a few well chosen words of "Welcome to Mother."

The Girls' Hi-Y orchestra, composed of Nella Hales, Gladys Platon, Gertrude Wood, and Grace Lowell, favored those present with "Moonlight and Roses."

A talk was then given by Tess Moore on "The Local Mother" and the response was made by Mrs. James McWhorter on "Local Daughters." Both of these speeches were very interesting and were received with warm enthusiasm.

In a sentimental voice Roberta Baird rendered the old time song so familiar to everyone "Mother, Mother."

There were 100 members and guests present to enjoy the fine program and partake of the delicious banquet.

The Hi-Y will stage a farewell party and the new officers for the ensuing term will be installed at the meeting on Wednesday, May 20, which will complete the Hi-Y program for this semester. The Y building will be open to girls and women and gym class will be conducted for an indefinite time each Wednesday, but after next week there will be no more club meetings.

will be made at Merced for six hours for a banquet and ceremonial in the evening. Arrive in Los Angeles Sunday morning at 9:00 a. m. Return leave Los Angeles 11:00 p. m. Thursday, June 11th, arriving in Oakland before noon time on Friday, June 12th.

The second Aahmes special train has a few reservations that can be secured for Nobles and their families but these are going rapidly. The round trip fare on the Aahmes special is only \$19.00. Reservations can be had through J. E. Warren of the transportation committee or through Past Potentate Franklin R. Haley of the "On to Los Angeles" committee, and should be made at once.

BY AUTOMOBILE

No special automobile caravan has been arranged by Aahmes Temple for the meeting of the Imperial Council in Los Angeles, but a large number of the Nobles will make use of their own transportation. For those who will travel in this way the following notice will be of interest: Nobles are advised to accept the courtesy of the automobile associations for this occasion.

Shriners who motor to California to attend the 21st Annual Session of the Imperial Council of the A. A. O. N. M. S., the national Shrine convention at Los Angeles, June 2, 3, and 4, will be extended all the services which the two largest automobile clubs in the world furnish to their own members.

D. E. Watkins, secretary and general manager of the California State Automobile association, will issue visiting membership cards to the delegates from all the temples, who are motoring to the Los Angeles convention. Similar action is being taken by the automobile club of Southern California. Besides a free road information and map service, Shriners who motor to California will have at their call, without charge, an emergency road service furnished by 372 official mechanical service stations in 205 cities and towns throughout the state.

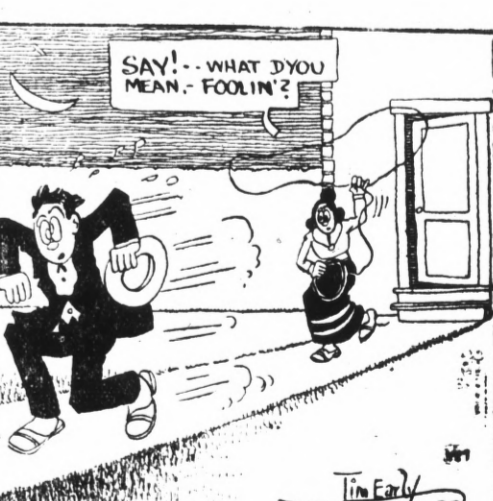

VISITING TEMPLES

A number of temples from other cities have indicated a desire to stop in Oakland either going or returning from the session of the Imperial Council at Los Angeles, and it has been decided to ask all Nobles from the home towns of these visiting temples to act as a volunteer committee during those visits. The following temples have written that they will stop in Oakland: Ararat, Kansas City, Mo.; Syria, Pittsburg, Pa.; Aladdin, Columbus, Ohio; Murat, Indianapolis, Ind.; Medinah, Chicago, Ill.; Afili, Tacoma, Wash.; El Kabir, Cedar Rapids, Iowa; Kerbelia, Knoxville, Tenn.; Beni Kedem, Charleston, W. Va.; Sphinx, Hartford, Conn.; Jaffa, Altoona, Pa.; Bagdad, Butte, Mont.; Sesostris, Lincoln, Neb.

Members of Aahmes Temple who are from any of these cities or who have been members of these temples will please send their names to George H. Smith, recorder of Aahmes Temple and hold themselves in readiness to welcome their old townsmen to Oakland.

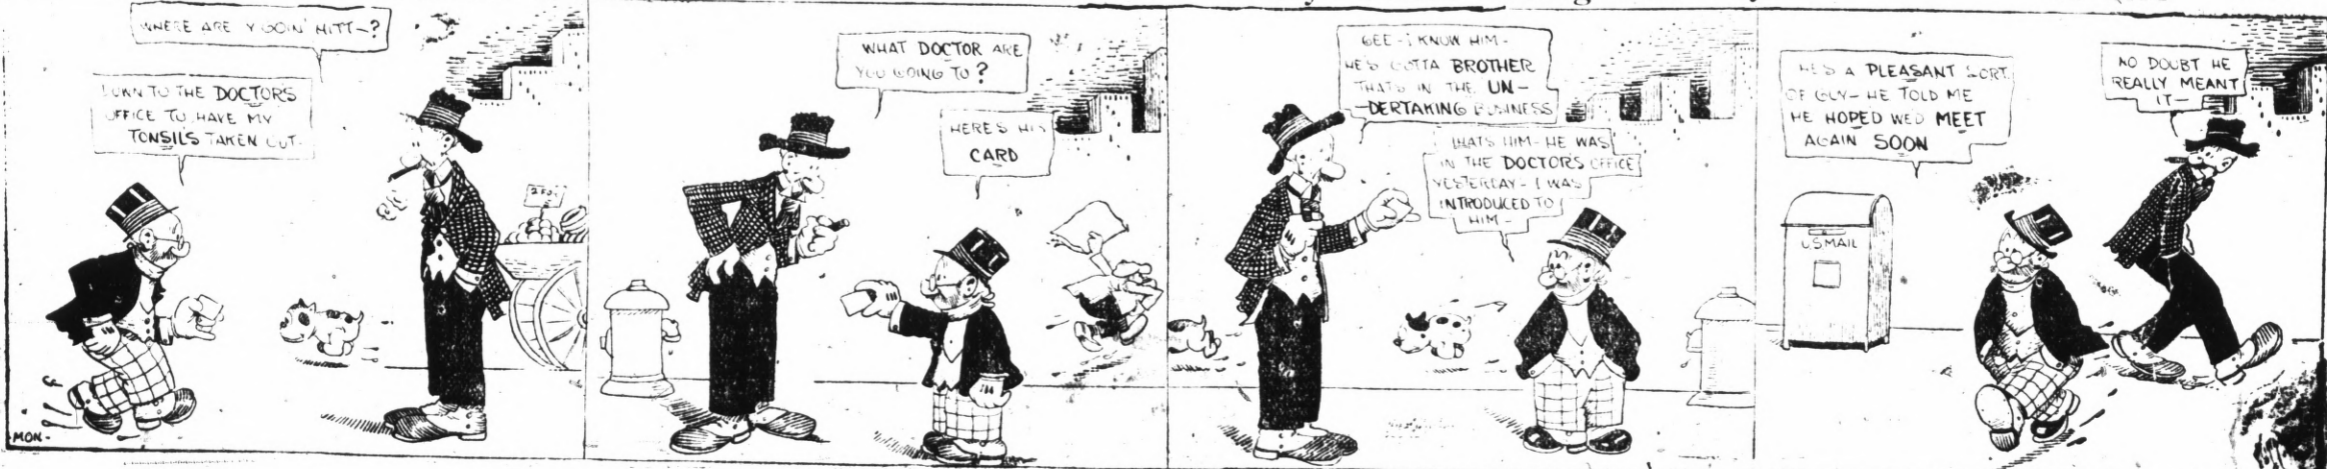

gates from Richmond who will attend are George M. Deathe, R. L. Ferrell, R. F. Cox, and F. G. Blackhart. There will also be a number of members of the lodge who will attend.

"Montmartre" At Richmond Today

Pola—Paris—Lubitsch!
"Montmartre" has all three—and more. Pola Negri's latest Paramount picture, which was shown for the first time in Richmond at the Richmond Theatre yesterday, is a story of the Latin Quarter of the French capital, directed by the man who made "The Marriage Circle," etc., Ernest Lubitsch.

For those who remember the Pola of "Passion" and her other continental triumphs, we'll say that the popular star has returned to the kind of roles that first made her famous. You have to go way back to the days of "Passion," etc., to find anything that even begins to measure up to "Montmartre." It has something for everyone—love, humor, pathos, thrills, big scenes and all the rest. It is our humble opinion, all due respect to her earlier American-made pictures, that "Montmartre" is about the best thing that Pola Negri has done for the screen to date.

We've been promised a picture like "Montmartre" for a long time, a picture in which Pola would again be seen in the type of character the public likes to see her.

Well, boys, here it is at last! Other features on the same program include "Step Fast," a Jimmie Adams comedy; "Prizma," a screen magazine.

Mother Confessed to Have Poisoned Three Children with Arsenic

While being held in jail at Crown Point, Ind., charged with the murder of one of the five members of her family who have died in the last five years, Mrs. David Cunningham confessed that she poisoned three of her children, according to Sheriff Benjamin H. Strong. The bodies of two of her sons have been exhumed and found to contain arsenic. Mrs. Cunningham denied, however, that she poisoned her husband or a fourth child who died within the six-year period. The 49-year-old woman is being examined as to her sanity.

"Lady of Night" At California

Many phases of humanity's struggles have been assembled in "Lady of the Night," the Monta Bell picture produced by Metro-Goldwyn-Mayer and now showing at the California Theatre.

There is the eternal struggle between two women who loved the same man; the struggle of a boy to climb upward from a dubious social position, and the struggle of a young girl to extract a living from a world that has robbed her of father and mother and set her into streets with the doubtful credentials of a state reformatory.

It is an American story punctuated with fervid American life and love. It is a story of realism and human interest, a story of inherited blessings and a great sacrifice. The author is Adela Rogers St. Johns.

Monta Bell, with the cunning of a great director, has not allowed the drab scenes to go without their humor. He has dotted the story with human interest and kept it alive with action.

The plot follows the lives of two girls, born at almost the same hour. It shows the two worlds that dwell side by side, each with little know-

The beautiful and talented Norma Shearer enacts the dual role of Florence and Molly with fine artistry. In the cast are Malcolm McGregor, George K. Arthur, Fred Esmelton, Dale Fuller, Lew Harvey and Betty Morrissey.

WAR VETERANS ACT EXPLAINED

A bulletin on vocational training and government insurance of interest to world war veterans was issued yesterday by the San Francisco regional office, United States Veterans Bureau, 894 Market street, and further information will be furnished upon request by letter, telephone or personal call at the San Francisco office. The bulletin follows:

VOCATIONAL TRAINING

The World War Veterans' Act of 1924, provides that courses of vocational training shall be furnished when vocational training is feasible to any person who is in need of vocational rehabilitation to overcome the handicap of a disability incurred, increased, or aggravated between April 6, 1917, and July 2, 1921, in the military or naval forces of the United States. Vocational training shall be granted only where application has been made on or prior to June 30, 1923, and no training shall be granted or continued to any person after June 30, 1926.

Vocational training will not be

furnished to any person unless such person shall actually commence such training on or before June 30, 1925.

GOVERNMENT INSURANCE

The World War Veterans' Act of June 7, 1924, provides that in the event all provisions other than the requirements as to physical condition of the applicant are met an application for reinstatement may be approved if the applicant's disability is the result of an injury or disease, or an aggravation thereof, suffered or contracted in the active military or naval service during the World War, provided the applicant during his lifetime submits satisfactory evidence to the director showing the service origin thereof, and applicant is not totally and permanently disabled. As a condition, however, the applicant shall be required to pay all back monthly premiums which would have become payable if such insurance had not lapsed, together with interest at the rate of 5 per cent per annum compounded annually, on each premium from the date said premium is due by the terms of the policy. Reinstatement under this provision must be made prior to June 7, 1925, or within 2 years after the date of lapse, but not later than July 2, 1926.

The fact that a veteran is receiving compensation does not necessarily mean that he must reinstate under the provision calling for

the payment of all the back premiums with interest. He may be drawing compensation for some disability that would not bar him from reinstating under the good health requirements.

Veterans who can meet the requirements as to physical condition may be reinstated after that date.

STORKS will live ONLY in REPUBLICS!

—Or so people used to think in the 16th century.

This is the 20th century. But we are still superstitious; for example, when we pay fancy prices for eastern lubricants in spite of the fact that the best crudes so far discovered for the manufacture of a motor oil are obtained from wells on the Pacific Coast.

Experience explodes the anti-western oil superstition

Zerolene actually lubricates better—and because it does it lubricates more cars in the Pacific Coast states than any other oil made—low and high priced cars alike. The most advanced refining process is this Company's patented high-vacuum process, during the use of which Zerolene is submitted to 15 positive checks for quality. Zerolene's special filtration through 40 tons of Florida Fuller's Earth gives you an oil that's absolutely pure.

A longer working life for your motor

Zerolene will increase the gasoline mileage of your car, reduce carbon accumulation and lengthen its working life.

Schneiders Lose One Out of Eight

The success of the Schneider Tailors ball club is shown by the record they have already made this year. One defeat out of eight is not so bad, when the class of opponents they have bucked is considered. The defeat was at the hands of Vacaville in a hard, bitter struggle that ended 5 to 4. A return game with this club will be played at Vacaville on May 21.

Here is a list of the first eight games played by the Tailors:

March 28, Schneiders 8, Eagle Bill Hard 5.

April 2, Schneiders 7, McRacken 0.

April 19, Schneiders 4, Vacaville 5.

April 26, Schneiders 15, Pullman 9.

May 3, Schneiders 5, Marines 3.

WANDERERS BEAT ST. EDMUNDS IN TWO OUT THREE

Y. M. C. A. VOLLEYBALL LEAGUE

W.	L.	PCT.
Wanderers	8	.888
Christians	9	.818
Wesley	5	.636
Presbyterian	4	.545
Baptists	3	.364
St. Edmunds	2	.273
Lutheran	2	.220

The St. Edmunds volleyball team isn't quite in the cellar but it is so close it is making their heads swim. Only the Lutherans are under them and they are not so far. The Saints were very good for a time but their clock, mist of shot for their time certainly did.

They went into the fray with the Wanderers like a pack of wolves last night and took off a victory in the first game to the tune of 15 to 1. In the second and third, however, the Lutherans proved to be far from easy prey for the second game ended with the same score vice versa as far as the teams were concerned. The final was about as easy for the Wanderers, score being 15 to 9.

The Christians who are contenders for first place with a fine chance of taking the championship had little or no difficulty sweeping away the Wesleyans in a pair of games 15 to 12, not so bad; and 15 to 8, not so good.

The irony of fate, or something, has cast the Y. M. C. sole possessor of first place, against the Lutherans, sole possessors of the cellar in Thursday's games. The Y. M. C.'s had better win this game if they don't want to be disgraced for life. Funny things happen sometimes and in some quarters it would be a surprise if the Lutherans won, but it would knock some others dead if they did.

The other game Thursday night is between the Baptists and Presbyterians. Both teams are about of the same calibre so it is difficult to make any prophecy as to the outcome.

TUBERCULOSIS OVERCOME
OAKLAND, CALIF.
For about three years I suffered from tuberculosis. I had cough and spit blood and was unable to do any work. I tried many doctors and all of whom pronounced me incurable. I was examined and showed tuberculosis in my lungs. As I found no improvement from the treatment that I took, I decided to try the FONG WAN HERB. After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERBS on April 16, 1924, but today, I am still well and have no sign of my former complaints.

Organized Women of the First Christian church will meet this afternoon at 2 o'clock in the church parlors, where they will be addressed by Mrs. Raymond Blosser, of San Francisco, wife of the secretary of the Y. All religious denominations of the world were represented at the congress and Mrs. Blosser's talk promises to be an unusually interesting one. All members of the organized women are urged to attend and bring their friends, and the public is invited.

and others from Burlingame, Clear Lake and other California cities.

The unusual growth of Richmond was part of the rapid expansion throughout the East Bay district, the report shows. A total of 1041 new buildings were erected in the entire East Bay district, which is a gain of more than 18 per cent over the same month a year ago.

HOTEL GROUPS REPORT DRIVE

The division and group managers of the community hotel campaign met at headquarters yesterday afternoon to report on the progress made in signing up the various groups and it was found that the organization was about fifty percent complete. T. R. Vaughn, manager of group 12, was the first to report his group 100 percent signed. The men on this group are: Isaac N. Carter, Isaac Foster, Leo Persico, George R. Calvert, H. O. Watson, L. C. Dexter, J. J. Barry, H. E. Russell, and W. W. Chapin. It was expected that all of the groups will be completed by the middle of next week, which will be well in advance of the opening of the campaign on June 1.

At yesterday's meeting at which Mr. Younce, general sales manager, presided, Chas. B. Hamilton, president of the Hamilton Hotel chain, who is to lease the new hotel, met with the leaders of the organization. Mr. Hamilton spoke briefly to the managers and stated, "I am after hotels to add to our chain but they must be community built and community owned and they must offer potential profits." Mr. Hamilton mentioned the present hotels in their chain and expressed his intention of adding additional hotels to his chain north of here. He called attention to the fact that the men of this organization and the stockholders here would be partners here in the profits from the hotel, but would not share in its liabilities as the obligations arising from the operation of the hotel are the liabilities of the operating company.

Mr. Younce thanked Mr. Hamilton for his remarks and said that the fact that Mr. Hamilton who is a successful operator was willing to come here and run this hotel as one of his chain, setting no profit unless the stockholders get their dividends had finally persuaded him that a modern hotel here could be made a paying proposition.

Helen Keller

(Continued from Page 1)

companion of her distinguished pupil. Miss Keller was 19 months old when she was made blind and deaf as the result of scarlet fever. This double affliction had, as its natural consequence the inability to speak. The child who has never heard a sound can have no inner consciousness that such a thing as sound exists. Blind, there seemed no avenue of approach through which to convey a glimmer of understanding.

Captain Arthur H. Keller and Mrs. Kate Adams Keller, the parents of Helen, had despaired of happiness in the life of their daughter, when Mrs. Keller chanced to read in Dickens' "American Notes" of what had been accomplished in the case of Laura Bridgman, who also had suffered the double affliction. A considerable measure of success had attended the efforts of Dr. S. G. Howe, of the Perkins Institution for the Blind in Boston, to bring Laura Bridgman out from her mental darkness. But Dr. Howe then had been dead for many years, and Mrs. Keller had small hope that anyone could be found to serve in his stead in the training of her afflicted little daughter.

However, Captain Keller took Helen to visit Alexander Graham Bell in Washington. Professor Bell's earliest scientific research had been directed toward relieving and educating deaf mutes, and it was he who held out some small measure of hope. He advised Captain Keller to apply to the Perkins Institution for a teacher. It was there that the selection fell upon Miss Sullivan, and it was in March, 1887, when Helen was 7 years old, that the new teacher took up her home with the Keller family in Tuscumbia, Alabama. Then followed long months of seemingly hopeless effort to stir the untouchable mind of her little charge. Miss Keller's own story of her first sense of communication is highly dramatic.

The RUST-CAMPBELL Company has been operating in the City of Los Angeles for the past three years, manufacturing a very high grade line of leather goods and have, at the present time, over three hundred active accounts. This entire factory will be moved to Richmond upon the completion of our factory building now under construction on San Pablo Avenue, where it will be combined under one head with the golf goods manufacturing department.

We want all Contra Costa County to share in our success. This business caters in its golf department to a part of our national life second in industrial importance only to the automotive, and as we will be the only factory west of Chicago manufacturing golf balls, our possibilities for an enormous success are very evident.

We are very anxious to make this community partners in our enterprise and take this means of offering, directly from the RUST-CAMPBELL COMPANY to you, its shares of preferred and common stock at the sale price authorized in the permit issued by the Corporation Commissioner. That is \$25.00 for each unit of two shares of preferred stock and one share of common stock having a par value of \$10.00 each. The preferred stock carries 8 per cent interest, cumulative, and has further participation in dividends after 8 per cent is paid on the common.

We would appreciate the opportunity to call and tell you of the soundness of this investment. Terms arranged if desired.

Until occupancy of the factory, our office is temporarily at 2234 Macdonald Avenue, Richmond. Telephone Richmond 2200, RUST-CAMPBELL COMPANY.
